ROSWELL, Ga.--(BUSINESS WIRE)-- SiteOne Landscape Supply, Inc. (the "Company" or "SiteOne") (NYSE:SITE) announced earnings for its third quarter ended October 2, 2016 of the fiscal year ending January 1, 2017.

"Despite softer markets than anticipated, we delivered strong year-over-year growth in Net Sales, Gross Profit, Net Income and Adjusted EBITDA," said Doug Black, SiteOne's Chief Executive Officer. "We continued to expand our Adjusted EBITDA margin through excellent execution of our operational initiatives. Our organic sales growth initiatives are still in the very early innings and we expect them to contribute more meaningfully in 2017 and beyond. Our acquisitions performed well and we are accelerating our M&A activity with two acquisitions during the third quarter, the purchase of Loma Vista Nursery in November and additional acquisitions that we expect to complete during the winter. We are encouraged by the momentum from our commercial and operational initiatives and our deep acquisition pipeline as we head into 2017."

Third Quarter 2016 Results

Net sales for the third quarter of 2016 increased to \$444.5 million, or 10%, compared to \$404.5 million for the prior-year period. Organic sales growth increased 2% for the third quarter. Third quarter organic sales were negatively impacted by softness in the summer months driven by hot and dry conditions that resulted in a slower start to the fall seed and nursery planting seasons. Importantly, agronomics recovered as the quarter progressed. Recent acquisitions contributed good sales growth in the quarter.

Gross profit increased to \$138.4 million, or 17%, compared to \$118.4 million for the prior-year period. Gross margin expanded to 31.1% for the third quarter 2016, which was a 180 basis point increase compared to 29.3% in the third quarter 2015. Gross margin expansion was driven by ongoing improvements in pricing and category management.

Selling, general and administrative expenses ("SG&A") in the third quarter increased to \$107.7 million from \$98.2 million in the same period last year, reflecting the impact from acquisitions and

investments in personnel to support our sales growth and strategic initiatives. SG&A as a percent of net sales was 24.2%, flat year-over-year.

Reported net income for the third quarter was \$14.9 million, compared to \$11.4 million during the same period from the prior year. The increase in net income for the third quarter was attributable to an increase in net sales and our margin expansion this quarter.

Adjusted EBITDA increased by 30% to \$43.7 million for the third quarter, compared to \$33.7 million for the prior-year period, reflecting strong gross margin improvement in the base business, SG&A control and good contribution from acquisitions.

Net debt, calculated as long-term debt plus capital leases, net of cash and cash equivalents on our balance sheet as of October 2, 2016, was \$419.2 million. Net debt to Adjusted EBITDA for the last twelve months was 3.1 times.

Outlook

We are updating our expectation for Adjusted EBITDA in 2016 to be in the range of \$132 million to \$135 million.

Reconciliation for the forward-looking full-year 2016 Adjusted EBITDA outlook is not being provided, as the Company does not currently have sufficient data to accurately estimate the variables and individual adjustments for such reconciliation.

Forward-Looking Statements

This release contains "forward-looking statements" within the meaning of the Federal Private Securities Litigation Reform Act of 1995. Forward-looking statements may include, but are not limited to, statements relating to our 2016 Adjusted EBITDA outlook. Some of the forward-looking statements can be identified by the use of terms such as "may," "intend," "might," "will," "should," "could," "would," "expect," "believe," "estimate," "anticipate," "predict," "project," "potential," or the

negative of these terms, and similar expressions. You should be aware that these forward-looking statements are subject to risks and uncertainties that are beyond our control. Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which it is made or to reflect the occurrence of anticipated or unanticipated events or circumstances. New factors emerge from time to time that may cause our business not to develop as we expect, and it is not possible for us to predict all of them. Factors that may cause actual results to differ materially from those expressed or implied by the forward-looking statements include, but are not limited to, the following: cyclicalities in residential and commercial construction markets; general economic and financial conditions; weather conditions, seasonality and availability of water to end-users; laws and government regulations applicable to our business that could negatively impact demand for our products; public perceptions that our products and services are not environmentally friendly; competitive industry pressures; product shortages and the loss of key suppliers; product price fluctuations; inventory management risks; ability to implement our business strategies and achieve our growth objectives; acquisition and integration risks; increased operating costs; and other risks, as indicated in our final prospectus filed pursuant to Rule 424(b)(4) under the Securities Act of 1933, as amended, filed with the U.S. Securities and Exchange Commission on May 12, 2016 (Registration No. 333-206444).

Non-GAAP Financial Information

This release includes certain financial information, not prepared in accordance with U.S. GAAP. Because not all companies calculate non-GAAP financial information identically (or at all), the presentations herein may not be comparable to other similarly titled measures used by other companies. Further, these measures should not be considered substitutes for the information contained in the historical financial information of the Company prepared in accordance with U.S. GAAP that is set forth herein.

We present Adjusted EBITDA in order to evaluate the operating performance and efficiency of our business. Adjusted EBITDA represents EBITDA as further adjusted for items permitted under the covenants of our credit facilities. EBITDA represents our net income (loss) plus the sum of income tax (benefit), depreciation and amortization and interest expense, net of interest income. Adjusted EBITDA is further adjusted for stock-based compensation expense, related party advisory fees, loss on sale of assets and other non-cash items, other non-recurring (income) and loss. Adjusted EBITDA does not include pre-acquisition acquired Adjusted EBITDA. Adjusted EBITDA is not a measure of our liquidity or financial performance under GAAP and should not be considered as an alternative to net income, operating income or any other performance measures derived in accordance with GAAP, or as an alternative to cash flow from operating activities as a measure of our liquidity. The use of Adjusted EBITDA instead of net income has limitations as an analytical tool. Because not all companies use identical calculations, our presentation of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies, limiting its usefulness as a comparative measure. Net debt is defined as long-term debt plus capital leases, net of cash and cash-equivalents on our balance sheet.
